HOST: IDA - Tamilnadu State Branch

Chennai Trade Centre
Nandambakkam, Chennai

7th, 8th & 9th February 2025

	<p>builder</p> <p>Nitrous oxide, or laughing gas, plays a crucial role in dentistry by effectively managing pain and anxiety in patients. This session will explore its pharmacology, mechanisms of action as both an analgesic and anxiolytic, patient selection criteria, administration techniques, and safety considerations necessary for integrating nitrous oxide into your practice. By understanding these aspects, you'll be equipped to enhance patient comfort, satisfaction, and procedural efficiency. Join me as we uncover the practical applications and benefits of nitrous oxide in modern dental care.</p>
